Media Consent for a Minor

PERMISSION FROM A PARENT OR LEGAL GUARDIAN

_____ (the **"Organization"**) would like to take photographs and video of children at _____ and to use some of them. We ask for your permission, and for your choices, before we do. You can say no to any or all of the uses below, and saying no will never affect your child's place or treatment.

1. The child

1.1 Child's full name: _____

1.2 Child's date of birth: _____

1.3 I am this child's parent or legal guardian and I am entitled to give this consent.

2. Where pictures of my child may be used

2.1 Check every place you agree to. Anywhere you do not check, the Organization will not use pictures of your child.

- ☐ Inside the Organization, such as displays, newsletters and noticeboards
- ☐ On the Organization's website
- ☐ On the Organization's social media accounts
- ☐ In news stories and press releases
- ☐ In training or teaching material

3. My child's name

3.1 The Organization will not publish my child's full name alongside a picture of them. If I agree to a first name only, I have written "first name allowed" here:

_____

4. Keeping children safe

4.1 The Organization will not publish information that would allow a stranger to find my child, such as a home address, school, or the times and places where my child can be found alone.

4.2 Pictures are taken only by people the Organization has approved and checked, using the Organization's own equipment or, where a personal device is used, only with the Organization's permission and with the pictures moved to the Organization's systems and deleted from the device as soon as possible.

4.3 If my child tells the photographer, or an adult, that they do not want to be photographed, the Organization will respect that, whatever I have checked.

5. How the Organization will look after the pictures

5.1 The Organization will take pictures only of children who are suitably dressed and taking part in the activity, will not take pictures in changing areas or toilets, and will choose pictures that show children in a positive way.

5.2 Pictures will be stored securely, kept only for as long as they are needed for the purposes above, and then deleted. Only the Organization's own staff and volunteers who need them will have access.

5.3 Pictures posted online can be seen by anyone, copied and shared, and the Organization cannot control what others do with them once they are public. I have thought about this in making my choices.

6. Changing my mind

6.1 I may withdraw this consent at any time by writing to the Organization at _____. The Organization will stop using the pictures and take them down from the places it controls within thirty days, and will tell me when it has done so. It cannot recall printed material already given out.

6.2 This consent lasts until my child leaves the Organization, unless I withdraw it sooner, or until _____.

7. My details

7.1 My name: _____. My relationship to the child: _____.

7.2 My phone: _____, and email: _____.
